Place and date of birth

Florence, February 6, 1963

Gender

Male

SUMMARY - Dr. Enrico LOMBARDI

Born in Florence (Italy) on February 6, 1963

School-leaving examination from “Liceo Classico Dante”, Florence, Italy, with the highest possible score (60/60) (July 1982)

MD (equivalent) degree with the highest possible score (110 “cum laude”) in Medicine and Surgery at the Faculty of Medicine and Surgery, University of Florence, Italy (April 10, 1991)

Specializations

- **Pediatrics** (Florence, November 13, 1997) with the highest possible score (70/70 “cum laude”)
- **Diseases of the Respiratory System** (Florence, October 26, 2006) with the highest possible score (70/70 “cum laude”)

Research Fellowship in Pediatric Pulmonology at the Respiratory Sciences Center, Pediatric Section, the University of Arizona, Tucson, AZ, USA (Jun 1994 – Dec 1996)

Visiting Fellow

- University of Indiana, Indianapolis, IN, USA (Sep 1995)
- University of Arkansas, Little Rock, AR, USA (Nov 1996, May 2001)
- Arizona Respiratory Center, University of Arizona, Tucson, AZ, USA (Jul 4-Sep 4, 2007; Jul 6-Aug 27, 2011; Jul 22-Sep 19, 2015; July 23-Sep 11, 2018)

Foreign Languages

- **French:** school level
- **English:** courses at the University of Arizona, Tucson, AZ; TOEFL (Test Of English as Foreign Language) examination at the University of Arizona, Tucson, AZ, USA (Nov 1995, high score: 643); Oral Proficiency Interview University of Arizona (Jun 2015 and Jun 2018, Level C2 Very Proficient)

“**First level medical manager**” position at the Pediatric Pulmonology Service, Allergy and Pulmonology Center, “Anna Meyer” Pediatric University-Hospital, Florence, Italy (Feb 2001 - Feb 2006)

Head (“High Specialty Appointment”) of the Section of Respiratory Medicine, Allergy and Pulmonology Center, “Anna Meyer” Pediatric University-Hospital, Florence, Italy (Feb 2006 – Dec 2011)

Head of the Departmental Unit of Respiratory Medicine, “Anna Meyer” Pediatric University-Hospital, Florence, Italy (Dec 2011 - present)

“**Teacher on Contract**” in Pediatric Pulmonology at:

- Specialty School in Pediatrics, the University of Florence, Italy (Nov 2001-2013, Nov 2014-Jan 2024)
- Specialty School in Diseases of the Respiratory System, the University of Florence, Italy (Nov 2011-2012, Nov 2013-2014)

National Academic Qualification as Associate Professor (Nov 06, 2018 – Nov 06, 2029)

Participant in 8 large **clinical trials** according to Good Clinical Practice (last GCP certification Oct 04, 2023)

Member of two **Clinical Research Collaborations (CRCs)** funded by the European Respiratory Society (ERS)

- INCIRCLE (ERS officer 2013-2016, member 2016-2019)
- PELICAN (Scientific Review Committee member 2020-present)

Awards

- **President’s Award**, 17th International Congress on Pediatric Pulmonology (CIPP), Toledo, Spain, 21-24 Jun 2018
- **Fellow of the European Respiratory Society (FERS)** for outstanding clinical and research reputation, 21 Apr 2023
- **American Thoracic Society Fellow (ATSF)**, for accomplishments, dedication, and contributions of ATS members, 30 Jan 2024

European Paediatric Immediate Life Support (EPILS)

- Last EPILS certification 08 Feb 2024

Committee Member of:

- ATS(American Thoracic Society)/ERS Joint Working Group for Lung Function Testing in Infants and Young Children (May 1995-present) (European Co-Chair Sep 2001-Sep 2004)
- Pediatric International Relations Committee of the ATS Assembly of Pediatrics (May 2004-present) (Chair May 2010-May 2016)
- Paediatric Respiratory Physiology Group (7.1) of the ERS (Secretary Sep 2009-Sep 2012, Chair Sep 2012-Sep 2015)
- SIAIP (Società Italiana Allergologia Immunologia Pediatrica) Asthma Committee (May 2003-Mar 2007)
- SIP (Società Italiana Pediatria) Study Group “Child & Sport” (Sep 2003- Sep 2007)
- SIMRI (Società Italiana Malattie Respiratorie Infantili) Study Group on Primary Ciliary Dyskinesia (Dec 2004-Jun 2008), Committee on Preschool Wheezing (Dec 2006-Jun 2008), Study Group on Difficult Asthma (Jun 2010-present, Chair Jun 2010-Oct 2011), Study Group on Congenital Pulmonary Malformations (Jun 2018-present)
- ERS College of Experts (Oct 2013 - present) and Long Range Planning Committee (Sep 2016-Sep 2019)
- “ATS/SIMRI Collaboration” Interest Group (Chair 2018-present)
- ATS International Health Committee
- Faculty member of ATS MECOR (Methods Epidemiology Clinical Operations Research) Turkey courses, 2020-2023

Member of the Executive Committee of:

- GIERPI (Gruppo Italiano Endoscopia Respiratoria Pediatrica Interventistica) (Oct 2006 - Oct 2012)
- SIMRI (Jun 2007-2010; Sep 2016-2019 ; vice-president 2024-2026)
- ATS Pediatric Assembly (May 2010-2016, May 2018-present)

Journals

- **Member of the International Committee of Referees** of:
 - “Allergologia et Immunopathologia”, Spain (May 2008-2010)
 - “Italian Review Respiratory Disease”, Italy (Sep 2009-2019)
- **Associate Editor** of:
 - “Pediatric Pulmonology”, Wiley Inc (May 2020-present)
- **Member of the Scientific Committee** of:
 - “Baby Magazine”, Italy (Dec 2020-present)

Organizer of 13 scientific meetings/sessions, 1 national congress

Author or Editor of 158 publications (in English: 92 articles [impact factor J Cit Rep: 660.715; Scopus: total citations 4139, h-index 32; Google Scholar: total citations 6047, h-index 34; Web of Science: total citations 3357, h-index 28], 9 book chapters; in Italian: 45 articles, 11 book chapters, 1 book) and 107 abstracts (66 in English, 41 in Italian)

Steering Committee Member or Consultant of 6 consensus statements (**Editor** of the “Official ATS/ERS statement on pulmonary function testing in preschool children”)

Invited speaker in national and international conferences/courses/webinars (>400 presentations, 58 of which in International Meetings)

Chair in national (57) and international (45) scientific sessions

Reviewer of >150 manuscripts/abstracts/grant proposals for international journals (including Am J Respir Crit Care Med, Eur Respir J, Thorax, Pediatr Pulmonol, Arch Dis Child, J Brasil Pneumol, etc.) or international societies (referee for the ERS International Conference 2008 to 2014 and 2022, CIPP 2010, ATS 2012 to 2014, and for ERS Long Term and Short Term Fellowships)

PROFESSIONAL EXPERIENCE

Appointments

Dec 2011 - present	Head of the Departmental Unit of Respiratory Medicine , “Anna Meyer” Pediatric University-Hospital, Florence, Italy
Feb 2006 - Nov 2011	Head (“High Specialty Appointment”) of the Section of Respiratory Medicine , Allergy and Pulmonology Center, 2 nd Pediatric Clinic, “Anna Meyer” Pediatric University-Hospital, Florence, Italy.
Feb 2001 - Feb 2006	“First level medical manager” position at the Pediatric Pulmonology Service, Allergy and Pulmonology Center, “Anna Meyer” Children’s University Hospital, Florence, Italy. The “Pediatric Allergy and Pulmonology Center” is one of the Training Centers in Pediatric Pulmonology of the European Respiratory Society School.
Jan 1999 - Jan 2001	“Research Contract” at the Allergy and Pulmonology Center, “Anna Meyer” Children’s University Hospital, Florence, Italy.
01 July 1995 - 06 Dec 1996	“Research Associate” position at the Pediatric Section of the Respiratory Sciences Center, Department of Pediatrics, the University of Arizona, Tucson, AZ, USA, working actively in the fields of lung function testing in infants and epidemiology of respiratory illnesses under the supervision of Prof. W.J. Morgan and Prof. F.D. Martinez. During this period, he worked with the group of Prof. Martinez on several papers on epidemiology of asthma in childhood. He attended several international conferences, in particular those of the American Thoracic Society, at which he presented the studies of the Tucson group. He also worked very actively in the infant lung function lab and collaborated with Prof. Morgan to the implementation of a new technique to obtain full forced maneuvers in infants and young children (“raised volume forced expiratory flow technique”). He also visited the lung function laboratories of Dr. Robert Tepper (Indianapolis, IN, September 1995), and Dr. Mohy Morris (Little Rock, AR, November 1996). He has reached a good grounding in the methods of lung function testing in infants and young children.

Education and Training

Titles awarded	06 Nov 2018	National Academic Qualification as Associate Professor (expiring 06 Nov 2029)
	26 Oct 2006	Specialization in Diseases of the Respiratory System at the University of Florence, obtained with the highest possible score (70 “cum laude”) discussing the thesis “Short-term and long-term variability of the interrupter technique in asymptomatic and symptomatic preschool children”
	13 Nov 1997	Specialization in Pediatrics at the University of Florence, obtained with the highest possible score (70 “cum laude”) discussing the thesis “Cold air challenge at age 6 and subsequent incidence of asthma in a subset of a population of children followed from birth”
	May 1991	Qualifying examination necessary to practice the medical profession in Italy
	10 Apr 1991	MD (equivalent) degree with the highest possible score (110 “cum laude”) in Medicine and Surgery at the Faculty of Medicine and Surgery, University of Florence, Florence, Italy. Thesis title: “Urinary tract infections in children”
Other titles and professional training	23 Jul - 11 Sep 2018	Short sabbatical as visiting scholar at the Arizona Respiratory Center, University of Arizona, Tucson, Arizona, USA, analyzing data on lung function from the longitudinal Children’s Respiratory Study (supervisor Prof. F.D. Martinez)
	26 May 2017	Refresher Course on Human Research of the Collaborative Institutional Training Initiative (CITI)
	22 Jul - 19 Sep 2015	Short sabbatical as visiting scholar at the Arizona Respiratory Center, University of Arizona, Tucson, Arizona, USA, analyzing data on lung function from the longitudinal Children’s Respiratory Study (supervisor Prof. F.D. Martinez)
	30 May 2013	Refresher Course on Human Research of the Collaborative Institutional Training Initiative (CITI)
	6 Jul - 27 Aug 2011	Short sabbatical as visiting scholar at the Arizona Respiratory Center, University of Arizona, Tucson, Arizona, USA, analyzing data on lung function from the longitudinal Children’s Respiratory Study (supervisor Prof. F.D. Martinez)
	01 Jun 2009	Basic Course on Human Research of the Collaborative Institutional Training Initiative (CITI)
	04 Jul - 04 Sep 2007	Short sabbatical as visiting scholar at the Arizona Respiratory Center, University of Arizona, Tucson, Arizona, USA, analyzing data on lung function from the longitudinal Children’s Respiratory Study (supervisor Prof. F.D. Martinez)
	Sep 2005 – Sep 2010	Formal scientific collaboration with Prof. Peter D. Sly , from Perth, Australia, who visits the Departmental Unit of Respiratory Medicine of the “Anna Meyer” Pediatric University-Hospital at least one week per year
	Jun 2003 – Oct 2006	Residency in Diseases of the Respiratory System at the University of Florence. Thesis discussed on 26 th October 2006, obtaining the highest possible score (70/70 “cum laude”)
	12-16 Nov 2001	Pediatric Flexible Bronchoscopy Course in Davos, Switzerland, held by Prof. Robert E. Wood and its group, University of Cincinnati, Ohio, USA
	11-16 May 2001	Visitor at the Pulmonary Section of the Arkansas Children’s Hospital , Little Rock, Arkansas, USA, for an update on pediatric flexible bronchoscopy and lung function tests in infants.
	15 May - 30 Jun 2000	Training in flexible bronchoscopy in the Bronchology Service (Chair Dr. A. Dragotto), Thoracic Surgery, “Careggi” University Hospital, Florence.

Dec 1997 –
Jan 2001

Working in the field of Pediatric Pulmonology at the 3rd Pediatric Clinic of the University of Florence. During this period he published several papers in the field of allergy and respiratory diseases in childhood and attended many international conferences at which he presented the data collected by his group. He also attended several Post-Graduate Courses on lung function and sleep disordered breathing in adults. During all these 3 years he also worked in the “night-time medical guard” of the National Health System and substituted several family pediatricians.

January 1997 -
November 1997

• **Fourth year of residency in Pediatrics** at the University of Florence: a) in the 3rd Pediatric Clinic, directed by Prof. A. Vierucci, during the first semester; b) in the Division of Neonatology and NICU, directed by Prof. F.F. Rubaltelli, during the second semester. He worked with both groups on several scientific papers. He participated in international conferences and attended the “Postgraduate Course on Lung Function Testing in Infants” during the 1997 meeting of the American Thoracic Society, San Francisco, CA. Fourth (and last) year’s exam of the residency in Pediatrics passed with the score of 30/30.

Jun 1994 –
Dec 1996

University of Arizona, Tucson, AZ, USA:

- one-semester-long course on “The principles of respiratory physiology”;
- 2 one-semester-long courses on epidemiology and biostatistics;
- course on the physiological basis of infant respiratory function assessment given by Prof. W.J. Morgan.

June 1994 -
June 1997

Research Fellowship in Pediatric Pulmonary at the Respiratory Sciences Center, The University of Arizona, Tucson, AZ, USA, under the supervision of Prof. Fernando D. Martinez and Prof. Wayne J. Morgan

June 1994 –
June 1995

Third year of the residency in Pediatrics spent at the Pediatric Section of the Respiratory Sciences Center, the University of Arizona, Tucson, AZ, USA, under the supervision of Prof. Fernando D. Martinez (director of the Respiratory Sciences Center) and Prof. Wayne J. Morgan (director of the Pediatric Section), working, among other things, in the fields of lung function testing in infants and epidemiology of respiratory diseases in childhood. Third year’s exam in Pediatrics passed with the highest possible score at the University of Florence.

July 1992 –
June 1994

First and second year of residency in Pediatrics at the 3rd Pediatric Clinic of the University of Florence, directed by Prof. Alberto Vierucci, working particularly in the fields of Allergy and Clinical Immunology and Respiratory Physiology. He published several papers in the field of respiratory diseases in childhood and attended many conferences, both national and international, giving several presentations. In 1993 he collaborated with the Respiratory Pathophysiology Service of the Careggi Hospital in Florence, directed by Prof. Panuccio, with a study on the measurement of pulmonary resistance using a flow-interruption device. Also in 1993 he collaborated with the Infectious Diseases Section of the 3rd Pediatric Clinic of the University of Turin, Italy, and the Italian Register for HIV Infection in Children carrying out a study on respiratory function in children with HIV perinatal infection. Exams of first and second year in Pediatrics passed with highest possible scores.

16 Jul 1991 –
10 Jul 1992

Military Service: a) at the Infirmary of the “78° Battaglione Meccanizzato Lupi di Toscana” until February 2, 1992; b) at the Department of Medicine, Military Hospital of Florence, thereafter.

Nov 1982 –
Apr 1991
July 1982

School of Medicine and Surgery, University of Florence, Italy.

School-leaving examination from “Liceo Classico Dante”, Florence, Italy, with the highest possible score (60/60).

Good Clinical Practice (GCP) certification	<ul style="list-style-type: none"> • 26 Sep 2020 • 04 Oct 2023

<p>Scientific Collaborations</p>	<ul style="list-style-type: none"> • Prof. Fernando D. Martinez, Prof. Wayne J. Morgan, Prof. Anne Wright, Prof. Stefano Guerra, and the Group of the Tucson Children’s Respiratory Study (Tucson, AZ, USA) for papers on the Tucson longitudinal cohort. • The “Studi Italiani sui Disturbi Respiratory nell’Infanzia e sull’Ambiente (SIDRIA)” Group for papers on the SIDRIA study, which is the Italian branch of the “International Study on Asthma and Allergy in Children (ISAAC)”. • Prof. S.D. Davis (Chapel Hill, NC, USA), Dr. Nicole Beydon (Paris, France) and the ATS/ERS Working Group for Lung Function Testing in Young Children for the ATS/ERS Recommendations on Lung Function Testing in Preschool Children. • Prof. Johan de Jongste (Rotterdam, The Netherlands) and Prof. Eugenio Baraldi (Padova, Italy) for the CHARISM Study and a chapter on The European Respiratory Monograph. • Dr. Hubertus Arets (Utrecht, The Netherlands) for a chapter on lung function measurements in preschool children. • Formal scientific collaboration since September 2005 with Prof. Peter D. Sly (Brisbane, Queensland, Australia), who usually visits the Departmental Unit of Respiratory Diseases of the “Anna Meyer” Pediatric University-Hospital at least one week per year. • Dr. Nicole Beydon (Paris, France) for a chapter on the interrupter techniques in the European Respiratory Monograph (2008-2009) and other publications. • Dr. Paul Seddon (Brighton, UK) and Dr. Nicole Beydon (Paris, France) for a study on the usefulness of measuring lung function in preschool children (2009-2010).
<p>Participation in Clinical Trials</p>	<ol style="list-style-type: none"> 1. Study Protocol Chiesi Farmaceutici SpA No. MC/PR/1400/003/01 (Innopharma No. INN16G2001) “A therapeutic clinical trial to evaluate the efficacy and the safety of nebulised beclomethasone (BDP) 800 micrograms/die once a day vs. nebulised beclomethasone standard therapy (BDP 800 micrograms/die administered twice a day) in paediatric patients with persistent asthma”. 2001. Site Principal Investigator: Prof. Elio Novembre. 2. CHARISM Study “CHildren with Asthma subjected to Respiratory Inflammatory Status Monitoring” (AER-033), sponsored by Aerocrine AB, Sweden. Full title “Management of asthma in children when using exhaled NO in a home setting in relation with symptom free days. An open, randomized, dose-titration, multi-centre study in The Netherlands and Italy”. A total of 151 patients were included from October 2005 until July 2006 by 15 sites. Site Principal Investigator: Prof. Elio Novembre. Co-ordinating investigators: Prof. Johan de Jongste, Dr. Eugenio Baraldi. 3. Study No.: EFC14153 - ASTHMA VOYAGE “A randomized, double-blind, placebo-controlled, parallel group study to evaluate the efficacy and safety of dupilumab in children 6 to <12 years of age with uncontrolled persistent asma”, sponsored by Sanofi, 2017-2020. Site Principal Investigator: Dr. Enrico Lombardi. 4. Study No.: LTS14424 - EXCURSION “One year study to evaluate the long-term safety and tolerability of dupilumab in pediatric patients with asthma who participated in a previous dupilumab asthma clinical study”, sponsored by Sanofi, 2018-2022. Site Principal Investigator: Dr. Grazia Fenu. 5. Prospective multi-center study “Within-breath Total Respiratory Input Impedance in Healthy Subjects”, in collaboration with Restech Srl, Milan. This study involves both European and US centers. Dr. Enrico Lombardi has been selected as the Principal Investigator for the pediatric group (age 3-17 years old), just involving 2 Italian centers (Florence and Palermo). Started in 2017, ongoing. 6. Prospective multi-center clinical study “Diagnostic Accuracy of FOT in Subjects with Lung Function Anomalies”, sponsored by Restech Srl and

	<p>MGC Diagnostics Corporation, aimed to determine the diagnostic accuracy of within-breath Forced Oscillation Technique (FOT) parameters, measured by the Resmon PRO FULL, to detect lung function anomalies as compared to spirometry. This study involves both European and US centers. Dr. Enrico Lombardi has been selected as the Principal Investigator for the pediatric group (age 3-17 years old). Started in 2018, ongoing.</p> <p>7. Prospective multi-center clinical study “Optimal Self-Management Of Asthma By Forced Oscillation Technique: a Randomised Controlled Trial (PIANOFORTE)”, sponsored by Restech Srl. The aim of this study is to test the hypothesis that a personalised self-management plan including FOT improves asthma control and reduces number of days with increased symptoms compared to conventional asthma treatment. Dr. Enrico Lombardi has been selected as the Principal Investigator for the pediatric group (age 6-17 years old). Estimated study start date: Sep 2021; estimated study completion date: Dec 2022.</p> <p>8. Prospective multi-center clinical study “A double blind, randomised, placebo-controlled trial to evaluate the dose-exposure and safety of nintedanib per os on top of standard of care for 24 weeks, followed by open label treatment with nintedanib of variable duration, in children and adolescents (6 to 17 year-old) with clinically significant fibrosing Interstitial Lung Disease”, Boehringer Ingelheim Trial No. 1199-0337 (InPedILD™). Dr. Enrico Lombardi is the Principal Investigator for the Meyer Hospital. Started in February 2021, ongoing.</p> <p>9. Taxonomy, Treatment, Targets and Remission (3TR): Identification of the Molecular Mechanisms of non-response to Treatments, Relapses and Remission in Autoimmune, Inflammatory, and Allergic Conditions. This project has received funding from the Innovative Medicines Initiative 2 Joint Undertaking (JU) under grant agreement No 831434. The JU receives support from the European Union’s Horizon 2020 research and innovation programme and the European Federation of Pharmaceutical Industries and Associations (EFPIA). The Meyer Hospital is a partner of this project, which started in 2019 and will end in 2026. Dr. Enrico Lombardi is the Team Leader for the Meyer Hospital since July 2021.</p>
<p>International Clinical Research Collaborations sponsored by the European Respiratory Society</p>	<ul style="list-style-type: none"> • International Clinical Research Collaboration (CRC) “INCIRCLE” sponsored by the European Respiratory Society (ERS) for 3 years (2013-2016) for a total amount of 15,000 EUR per year. The CRC involves groups from all over the world and was renewed for 3 more years in 2016 (2016-2019). Dr. Lombardi was involved as “ERS officer” in 2013-2016 and as a member subsequently. • International Clinical Research Collaboration (CRC) “PELICAN” (<u>P</u>rematurity’s <u>E</u>ffects on the <u>L</u>ungs In <u>C</u>hildren and <u>A</u>dults <u>N</u>etwork) sponsored by the European Respiratory Society (ERS) for 3 years (2020-2023). Dr. Lombardi is member of the CRC Executive and Scientific Review Committee.

Awards

<p>President's Award</p> <p>23 Jun 2018</p>	<ul style="list-style-type: none"> “President's Award - Presented to Dr. Enrico Lombardi <i>For Distinguished Achievements In Advancing The Understanding And Management Of Respiratory Diseases In Childhood</i>”, 17th International Congress on Pediatric Pulmonology (CIPP), Toledo, Spain, 21-24 Jun 2018, https://www.cipp-meeting.org/CIPPXVII/cipp-awards.html
<p>Fellow of the European Respiratory Society (FERS)</p> <p>02 May 2023 - 02 May 2099</p>	<ul style="list-style-type: none"> Dear Enrico Lombardi, we are delighted to announce that you have been selected to become a Fellow of the European Respiratory Society. We welcome you wholeheartedly to the group of ERS members with an outstanding clinical and/or research reputation and thank you for your contributions to respiratory health. The Society sees you as an ambassador and will count on you during representation activities, or in the mentoring process of younger members. FERS is a title you can proudly use and is a token of our recognition of your achievements. Congratulations! (The names of the 2023 Fellows are published on the ERS website https://www.ersnet.org/the-society/awards-and-fellows/).
<p>Fellow of the American Thoracic Society (ATSF)</p> <p>30 Jan 2024</p>	<ul style="list-style-type: none"> Dear Enrico Lombardi, the ATS Membership Committee is pleased to inform you that your application for the ATS Fellow designation has been accepted. You will be part of the 2023 class of ATS Fellows! You may now use the letters ATSF after your name if you are an ATS member in good standing. The ATS Fellow designation — ATSF — is a mark of distinction that recognizes the accomplishments, dedication, and contributions of ATS members to the Society and the fields of pulmonary, critical care, and sleep medicine. New ATS Fellows names will be posted on our website and announced in ATS publications. If you have any questions, please email ATS Director of Member Services Jennifer Marotta Collin at MemberValue@thoracic.org. Congratulations and thank you for your contributions to the ATS! Sincerely, Meshell Johnson, MD Chair, Membership Committee

Teaching

<p>“Teacher on Contract”</p> <p>Nov 2014 – Jan 2024</p> <p>Nov 2011-2012 Nov 2013-2014</p> <p>Nov 2001 – Nov 2013</p> <p>2007-2020</p>	<ul style="list-style-type: none"> • “Teacher on Contract” in Pediatric Pulmonology at the Specialty School in Pediatrics, the University of Florence • “Teacher on Contract” in Pediatric Pulmonology at the Specialty School in Diseases of the Respiratory System, the University of Florence • “Teacher on Contract” in Pediatric Pulmonology at the Specialty School in Pediatrics, Subspecialty of Neonatology, the University of Florence • “Teacher on Contract” in Pediatric Pulmonology at the 1st Level Master in Pediatric Physiotherapy, the University of Florence
<p>Tutor of Residents in Pediatrics</p>	<p>First year residents in Pediatrics of the University of Florence spend one month in rotation in the Pediatric Pulmonology Service of the Meyer Children’s Hospital.</p>
<p>Supervisor of Medical Students or Residents in Pediatrics for their graduation thesis</p>	<ul style="list-style-type: none"> • Supervisor of medical student Daria ORLANDINI for her medical school graduation thesis “Bronchodilator response in healthy and symptomatic preschool children using the interrupter technique”, discussed in April 2003. • Supervisor of Dr. Khairi ETTUMI for his residency graduation thesis “Lung function testing in preschool children with cystic fibrosis”, discussed in November 2006. • Supervisor of medical student Laura MELE for her medical school graduation thesis “Bronchodilator response in healthy preschool children using the interrupter technique”, discussed in October 2006. • Supervisor of Dr. Claudia CALOGERO for her residency graduation thesis “Reference values for the forced oscillation technique in preschool children”, discussed in October 2008. • Supervisor of Dr. Antonella BACCINI for her residency graduation thesis “Establishing an international reference data set for the forced oscillation technique in preschool children”, discussed in October 2009. • Supervisor of Dr. Grazia FENU for her residency graduation thesis “Interrupter resistance in preschool children with cystic fibrosis”, discussed in October 2010. • Supervisor of medical student Valentina LUZZI for her graduation thesis in Medicine “Comparison of two machines for interrupter resistance”, discussed in October 2011. • Supervisor of student Vera ZAKHARCHENKO for her graduation thesis in Nursing Sciences “Feasibility of the interrupter resistance in preschool children in an ambulatory setting”, discussed in December 2012. • Supervisor of medical student Giulia BIADENE for her graduation thesis in Medicine “Validation of Global Lung Initiative 2012 spirometry reference values in school aged Italian children”, discussed in July 2015. • Supervisor of medical student Giulia ABBATI for her graduation thesis in Medicine “Forced Oscillation Technique: reference values in 6-11 year old children”, discussed in October 2015. • Supervisor of medical student Marta BACCIARINI for her graduation thesis in Medicine discussed in October 2016. • Supervisor of medical student Guido GIANNINI for his graduation thesis in Medicine discussed in October 2016. • Supervisor of Dr. Francesca TOCCHIONI for her residency graduation thesis in Pediatric Surgery discussed in February 2017. • Supervisor of Dr. Paolo DEL GRECO for his residency graduation thesis in Pediatrics “Validation of GLI-2012 Spirometry Reference Values in Italian Preschool Children” discussed in June 2017. • Supervisor of medical student Camilla PIZZETTI for her graduation thesis in

	<p>Medicine discussed in October 2017.</p> <ul style="list-style-type: none"> • Supervisor of medical student Elisa CORAZZI for her graduation thesis in Medicine discussed in December 2018. • Supervisor of Dr. Carlo DE PIERI for his residency graduation thesis in Pediatrics, discussed in Udine, Italy, in December 2019. • Supervisor of Dr. Elisa VOLTERRANI for her residency graduation thesis in Pediatrics discussed in November 2020. • Supervisor of Dr. Sonia RIZZELLO for her residency graduation thesis in Diseases of the Respiratory System in November 2022. • Supervisor of Dr. Alberto TERMINIELLO for his residency graduation thesis in Pediatrics, to be defended in November 2025. • Supervisor of Dr. Chiara ASTORI for her residency graduation thesis in Pediatrics, to be defended in November 2025.
<p>Supervisor of Research Fellow in Pediatric Pulmonology</p>	<ul style="list-style-type: none"> • Supervisor of Dr. Beste OZSEZEN from Izmir (Turkey) for a Research Fellowship in Pediatric Pulmonology funded by the European Research Network. Dr. Ozsezen has completed her research fellowship on the project <i>Piccolo E Respiro (PER) in Tuscany - Health conditions at 18 years of age in an area-based cohort of subjects born severely preterm: the PER-2 project</i> at the Pediatric Pulmonary Unit of the “Anna Meyer” Pediatric University Hospital, from September 17 to December 17, 2022. The project is currently ongoing.
<p>External Examiner</p> <p>Nov 2015</p> <p>02 Apr – 15 May 2019</p> <p>14 Nov – 13 Dec 2019</p> <p>13 Dec 2020 – 15 Jan 2021</p> <p>22 Jul – 31 Aug 2021</p> <p>15 Dec 2023 – 14 Jan 2024</p>	<ul style="list-style-type: none"> • Evaluation of promotion of Dr. Hossein SADEGHI to the rank of Associate Professor of Pediatrics at Columbia University Medical Center (New York) in the Applied Healthcare and Public Health Sciences Focus Track. • External examiner for the dissertation of MPH student Dumsile MADUNA, Department of Public Health and Family Medicine, University of Cape Town, South Africa (dissertation title “The quality and variation of spirometry reads for lung function in children in sub Saharan Africa”). • External examiner for the dissertation of PhD candidate Michele ARIGLIANI, PhD program in “Alimentazione e Salute Umana”, University of Udine, Italy (dissertation title “Il multiple breath washout nella valutazione del danno polmonare cronico nei bambini nati con grande prematurità”). • External examiner for the dissertation of PhD candidate Simone GAMBAZZA, PhD program in “Epidemiology, Environment and Public Health” of the Università degli Studi di Milano, Italy (dissertation title “The association of clinical prognostic factors with ventilation inhomogeneity: single centre analysis of patients with cystic fibrosis from 2014 to 2019”). • Evaluation of promotion of Dr. Marianna SOCKRIDER to Professor of Pediatrics (tenure) for her work in the clinician-educator track at Baylor College of Medicine, Texas Children's Hospital Houston, Texas • External reviewer of the dissertation of PhD candidate Dr. Silvia BLOISE, PhD program in “Tecnologie Biomediche Innovative in Medicina Clinica” at Sapienza University of Rome, Italy (dissertation title “Ruolo delle Prove di Funzionalità Respiratoria in lattanti con stridore: diagnosi a colpod’occhio e follow-up”).

**Chair/Discussant/Facilitator
Activity in INTERNATIONAL
Conferences/Sessions and
Scientific Meetings**

1. Poster Discussion Session “Paediatric Respiratory Physiology - methodological aspects”, European Respiratory Society (ERS) Annual Congress 2002, Stockholm, Sweden, 14-18 Sep 2002.
2. Thematic Poster Session “Paediatric Respiratory Physiology – methods and clinical application”, European Respiratory Society (ERS) Annual Congress 2003, Vienna, Austria, 28th Sep 2003.
3. Poster Discussion Session “Methodologies to determine the extent of lung disease in children”, American Thoracic Society (ATS) Annual Congress 2004, Orlando, Florida, USA, 26th May 2004.
4. Thematic Poster Session “Clinical questions being answered by paediatric lung function”, European Respiratory Society (ERS) Annual Congress 2004, Glasgow, UK, 5th Sep 2004.
5. Mini-Symposium “Assessment of Respiratory Function in Infants and Young Children”, American Thoracic Society (ATS) Annual Congress 2006, San Diego, CA, USA, 22nd May 2006.
6. Electronic Poster Discussion Session “Clinical outcomes and technical aspects of lung function testing”, European Respiratory Society (ERS) Annual Congress 2007, Stockholm, Sweden, 16th Sep 2007.
7. Electronic Poster Discussion Session “Diagnostic paediatric lung function: technical and clinical aspects”, European Respiratory Society (ERS) Annual Congress 2008, Berlin, Germany, 6th Oct 2008.
8. Air Quality and Asthma Airsonett Symposium, European Asthma Winter Symposia 2009, Misurina, Belluno, 5-7 Feb 2009.
9. E-Communication Session “Respiratory physiology in infants and preschool children, in health and diseases”, European Respiratory Society (ERS) Annual Congress 2009, Vienna, Austria, 15th Sep 2009.
10. Session “Management of lung disease: knowing before acting”, Misurina European Asthma Winter Symposia, Misurina, Belluno, Italy, 18-20 Feb 2010.
11. E-Communication Session “Lung function from infancy to adulthood”, European Respiratory Society (ERS) Annual Congress 2010, Barcelona, Spain, 21st Sep 2010.
12. Oral Presentation Session “Functional assessment of paediatric lung disease”, European Respiratory Society (ERS) Annual Congress 2010, Barcelona, Spain, 22nd Sep 2010.
13. Thematic Poster Session “General pediatric pulmonary problems”, American Thoracic Society (ATS) Annual Congress 2011, Denver, Colorado, USA, 17th May 2011.
14. Poster Discussion Session “Advances in lung function testing from infancy to adulthood”, European Respiratory Society (ERS) Annual Congress 2011, Amsterdam, The Netherlands, 26th Sep 2011.
15. Oral Presentation Session “Important new developments in paediatric respiratory physiology”, European Respiratory Society (ERS) Annual Congress 2011, Amsterdam, The Netherlands, 27th Sep 2011.
16. Poster Discussion Session “Evaluation of pediatric lung diseases”, American Thoracic Society (ATS) Annual Congress 2012, San Francisco, CA, USA, 20th May 2012.
17. Thematic Poster Session “Sleep monitoring, lung function and inflammation in childhood”, European Respiratory Society (ERS) Annual Congress 2012, Vienna, Austria, 2nd Sep 2012.
18. Oral Presentation Session “Physiological monitoring during sleep and in neuromuscular disease in children”, European Respiratory Society (ERS) Annual Congress 2012, Vienna, Austria, 2nd Sep 2012.
19. Poster Discussion Session “New understanding of childhood lung disease through physiological measurement”, European Respiratory Society (ERS)

- Annual Congress 2012, Vienna, Austria, 5th Sep 2012.
20. Thematic Poster Session “Clinical applications of respiratory physiology in children”, European Respiratory Society (ERS) Annual Congress 2013, Barcelona, Spain, 8th Sep 2013.
 21. Oral Presentation Session “New perspectives of lung function assessment in children”, European Respiratory Society (ERS) Annual Congress 2013, Barcelona, Spain, 8th Sep 2013.
 22. Session “Primary Ciliary Dyskinesia: epidemiology and diagnosis”, Meeting “Primary Ciliary Dyskinesia (PCD): diagnosis, clinical phenotypes and prevalence in a paediatric Italian population, Padova, Italy, 7th Feb 2014.
 23. Thematic Poster Session “Respiratory function in early childhood”, American Thoracic Society (ATS) Annual Congress 2014, San Diego, CA, USA, 16-21 May 2014.
 24. Oral Presentation Session “New aspects of lung function testing in children”, European Respiratory Society (ERS) Annual Congress 2014, Munich, Germany, 6-10 Sep 2014.
 25. Hot Topic Session “Diagnosis of paediatric obstructive sleep apnoea (OSA) in settings with limited resources”, European Respiratory Society (ERS) Annual Congress 2014, Munich, Germany, 6-10 Sep 2014.
 26. Thematic Poster Session “Respiratory physiology and sleep disordered breathing in children”, European Respiratory Society (ERS) Annual Congress 2014, Munich, Germany, 6-10 Sep 2014.
 27. Session 36: Group 7.1 Members' Meeting “Paediatric respiratory physiology and sleep”, European Respiratory Society (ERS) Annual Congress 2015, Amsterdam, Netherlands, 26-30 Sep 2015.
 28. Session 387: Oral Presentation “New findings in paediatric respiratory physiology”, European Respiratory Society (ERS) Annual Congress 2015, Amsterdam, Netherlands, 26-30 Sep 2015.
 29. Full-day Hands-On Post-Graduate Course “Lung Function Testing in Infants and Young Children”. 15th International Congress on Pediatric Pulmonology (CIPP XV), Naples, Italy, 23-26 Jun 2016.
 30. Postgraduate Course PG3 “Advanced respiratory and cardiovascular exercise testing: In health and respiratory disease”. European Respiratory Society (ERS) Annual Congress 2016, London, UK, 03-07 Sep 2016.
 31. Session “Sleep and Non-Invasive Ventilation”. Meeting “International Pediatric Lung”, 21st National Congress of Società Italiana Malattie Respiratorie Infantili (SIMRI), Naples, 14 Oct 2017.
 32. Postgraduate course PG16 “Advanced cardiopulmonary exercise testing: Cardiopulmonary exercise testing in health and respiratory disease”. European Respiratory Society (ERS) Annual Congress 2018, Paris, France, 15-19 Sep 2018.
 33. Session “Paediatric Asthma”. Meeting “International Pediatric Lung”, 22nd National Congress of Società Italiana Malattie Respiratorie Infantili (SIMRI), Pisa, 27-29 Sep 2018.
 34. Session “Out of...”. COST Action CA16125 European Network for Translational Research in Children’s and Adult Interstitial Lung Disease (ENTeR-chILD) 2nd Training School, Barcelona, Spain, 14-16 Feb 2019.
 35. Session “Cystic Fibrosis: Topic Overview”. 6th Egyptian Congress of Pediatric Pulmonology (ECP), Alexandria, Egypt, 30 Apr-03 May 2019.
 36. Postgraduate course PG3 “Advanced cardiopulmonary exercise testing: Cardiopulmonary exercise testing in health and cardiorespiratory disease”. European Respiratory Society (ERS) Annual Congress 2019, Madrid, Spain, 28 Sep-02 Oct 2019.
 37. Thematic Poster session “Evaluation of breathing in children when they are

	<p>asleep, healthy or ill". European Respiratory Society (ERS) Annual Congress 2019, Madrid, Spain, 28 Sep-02 Oct 2019.</p> <p>38. E-poster session "Respiratory physiology and sleep: what is new?". European Respiratory Society (ERS) Annual Congress 2020, virtual 06-09 Sep 2020.</p> <p>39. Virtual International Pediatric Pulmonary Network (VIPPN) Clinical Case Series "Differential Diagnosis of Bronchiectasis in Children: Williams-campbell Syndrome" and "A Case of Retinitis Pigmentosa and Bronchiectasis", webinar, 01 Apr 2021 (https://vippn.thoracic.org/clinical-cases/differential-diagnosis-of-bronchiectasis-in-children-williams-campbell-syndrome-and-a-case-of-retinitis-pigmentosa-and-bronchiectasis.php).</p> <p>40. Oral presentation session: Best of paediatric physiology and sleep research. European Respiratory Society (ERS) Annual Congress 2021, virtual 05-08 Sep 2021.</p> <p>41. "International Pediatric Lung" Session. 25th National Congress of Società Italiana Malattie Respiratorie Infantili (SIMRI), Verona, 24-26 Oct 2021.</p> <p>42. Virtual International Pediatric Pulmonary Network (VIPPN) Clinical Case Series "Low oxygen saturation: is it always hypoxemia?", "When should we treat chILD?", and "Hypertensive pneumothorax with cystic lesions in an infant", webinar, 07 Apr 2022 (https://vippn.thoracic.org/clinical-cases/index.php).</p> <p>43. "International Pediatric Lung" Session. 26th National Congress of Società Italiana Malattie Respiratorie Infantili (SIMRI), Palermo, 27-29 Oct 2022.</p> <p>44. Virtual International Pediatric Pulmonary Network (VIPPN) Clinical Case Series webinar "A infant with expiratory wheezing: going beyond a simple diagnosis" + "An unexpected pleural effusion" + "A case of pleural empyema", 01 Jun 2023 (https://vippn.thoracic.org/clinical-cases/an-infant-with-expiratory-wheezing.php).</p> <p>45. "International Pediatric Lung" Session. 27th National Congress of Società Italiana Malattie Respiratorie Infantili (SIMRI), Rome, 21-23 Sep 2023.</p>
<p>Chair/Discussant/Facilitator Activity in NATIONAL Conferences and Scientific Meetings</p>	<ol style="list-style-type: none"> 1. Session "Sorveglianza delle patologie dell'infanzia in Toscana", Meeting "Inquinamento ambientale e problematiche pediatriche", Florence, 20th June 2002. 2. Post-Graduate Course on Basic Respiratory Physiology, Annual SIMRI Meeting (Società Italiana Malattie Respiratorie Infantili), Rome, 18th June 2003. 3. Course "Smoke-free Hospital", Meyer Hospital, Florence, 20th June 2005. 4. Session "Diagnosi di allergia alimentare", CME Course "Ipersensibilità ad alimenti, farmaci e vaccini", Meyer Hospital, Florence, 21st September 2006. 5. Post-graduate course "La tosse nel bambino immigrato", Florence, 1st December 2007. 6. Post-Graduate course "Misurazione della funzionalità respiratoria del bambino in età prescolare: le Raccomandazioni Internazionali", Annual SIMRI Meeting (Società Italiana Malattie Respiratorie Infantili), Bologna, Italy, 5th June 2008. 7. Session "Diagnosi e controllo dell'asma", Federasma National Conference, Florence, 27th June 2008. 8. Introduction to the lecture of Prof. F.D. Martinez "The future of young children with wheezing", Interregional Meeting "Il bambino e le malattie respiratorie allergiche", Viterbo, Italy, 20th September 2008. 9. Session "Aspetti particolari dell'allergia alimentare", Meeting "Strategie decisionali in allergologia pediatrica", Florence, 26th September 2008. 10. CME Course "La sindrome asmatica e le sue comorbidità", Monteriggioni, Siena, Italy, 7th November 2009. 11. Postgraduate Course on Pediatric Lung Function Testing, Annual SIAIP Meeting (Società Italiana Allergologia Immunologia Pediatrica), Bari, Italy, 14-17 April 2010.

12. Post-Graduate Course “La funzionalità polmonare in età pediatrica: aspetti tecnici e applicazioni cliniche”, 14th National Meeting of the Società Italiana Malattie Respiratorie Infantili (SIMRI), Venice, Italy, 3-5 June 2010.
13. Introduction to the meeting “Dieci anni di antileucotrieni”, Florence, 1st October 2010.
14. Post-Graduate “Hands-on” Course on Lung Function Testing in Preschool Children, Meyer Hospital, Florence, 8th October 2010.
15. CME Course “Patologie emergenti in pediatria”, Florence, 27th November 2010.
16. Prof. A. Boner’s lecture “Quello che avreste voluto leggere, ma...”. Conference “Thesis 2010”, Naples, Italy, 17th December 2010.
17. Discussant in the Session “I flussi e i reflussi del reflusso”. Conference “GastroPed, Incontri di Gastroenterologia Pediatrica, Medica e Chirurgica”, Florence, 4-5 February 2011.
18. Facilitator in the Session “Fumo passivo e luoghi di lavoro”. Workshop of the Tuscan Region on tobacco smoke, Siena, Italy, 23-24 February 2011.
19. Post-Graduate “Hands-on” Course on Lung Function Testing in Preschool Children, Meyer Hospital, Florence, 7th May 2011.
20. Round Table “Aspetti preventivi e sociali” in the CME Course “Le reazioni anafilattiche nel bambino”, Florence, 28th May 2011.
21. Post-Graduate “Hands-on” Course on Wheezing & Asthma in Preschool Children, Florence, 29-30 May, 11-12 June, 11-12 Oct, 17-18 Sept 2012.
22. President in Prof. A. Boner’s lecture “Tutto quello che avreste voluto leggere, ma...”. Conference “Thesis 2012”, Naples, Italy, 14-15 December 2012.
23. Session “Nuovi aspetti terapeutici” in the Meeting “Il bambino allergico ed i farmaci”, Florence, 31st May - 1st June 2013.
24. Tutor in Dr. C. Calogero’s presentation “Un caso di ippocratismo digitale”, Meeting “Pneumologia Pediatrica: Update clinico e diagnostico”, Naples, Italy, 20-21 June 2013.
25. Post-Graduate Course “Diagnostica funzionale respiratoria in età scolare e prescolare”, 17th National Meeting of the Società Italiana Malattie Respiratorie Infantili (SIMRI), Bolzano, Italy, 19-21 September 2013.
26. Post-Graduate “Hands-on” Course on Wheezing & Asthma in Preschool Children, Florence, 4-5 October 2013.
27. Session “Non sempre mi basta l’FEV₁: dalla funzionalità respiratoria all’iperreattività bronchiale”, Conference “Thesis 2013”, Naples, Italy, 13-14 December 2013.
28. Session “Tra prevenzione e terapia”, 18th National Congress of Società Italiana Malattie Respiratorie Infantili (SIMRI), Florence, 2-4 October 2014.
29. Session “Hot Topics”, 18th National Congress of Società Italiana Malattie Respiratorie Infantili (SIMRI), Florence, 2-4 October 2014.
30. Session “La tosse cronica nel bambino”, Conference “Thesis 2014”, Naples, Italy, 12-13 December 2014.
31. Session “Long term control in asthma: new challenges”. Meeting “NOVelties to Achieve Improvement in Respiratory disorders (NOVAIR)”, Florence, 15-17 February 2015.
32. Session “New insights in severe allergic asthma”. Meeting “NOVelties to Achieve Improvement in Respiratory disorders (NOVAIR)”, Florence, 15-17 February 2015.
33. Session “I dilemmi”. “XV Congresso della Società Italiana di Infettivologia Pediatrica”, Florence, 19-21 March 2015.
34. Session “Workshop 1: Un caso di asma grave”. Meeting “Pediatric Experience: Asma di difficile trattamento”, Naples, 12-13 June 2015.
35. Session “Polmoniti acquisite in comunità: clinica e prevenzione”, Conference “Thesis 2016”, Naples, Italy, 16-17 December 2016.

36. Session “Nuovi e vecchi farmaci per le allergie”. Meeting “Novità nella gestione e nella terapia delle malattie allergiche”. Florence, 20-21 May 2016.
37. Meeting “Osteopatia in ambito ospedaliero: Esperienza clinica e ricerca scientifica”. Florence, 9-11 June 2016.
38. Session “Workshop 1: Esercitazione a piccoli gruppi su un caso di asma grave”. Meeting “Pediatric Experience 2.0: Hot topics su asma grave, orticaria cronica e patologie immunoallergiche”, Bologna, 19-20 June 2016.
39. Session “Polmoniti acquisite in comunità: clinica e prevenzione”. Meeting “Thesis 2016: Percorsi interattivi e formativi pediatrici”, Naples, 16-17 December 2016.
40. Workshop “Elementi di consenso per l’uso del LCI in Fibrosi Cistica in Italia”. Meeting “Confronto pratico sulla misura del Lung Clearance Index (LCI) nei Centri di Fibrosi Cistica in Italia: specialisti a confronto”. Bologna, 30 March 2017.
41. Symposium “La terapia con anti-IgE: nuovi orizzonti”. 19th National Congress of Società Italiana Allergologia Immunologia Pediatrica (SIAIP), Florence, 04-06 May 2017.
42. “Afternoon Session”. Meeting “Nuove frontiere dell’imaging radiologico del polmone pediatrico”, Florence, 21 October 2017.
43. Session “La mamma è sempre la mamma oppure no? Il ruolo del Pediatra nel favorire le corrette scelte nelle vaccinazioni e nell’alimentazione”. Meeting “Thesis 2017: Percorsi interattivi e formativi pediatrici”, Naples, 15-16 December 2017.
44. Session “Il punto di vista dello Pneumologo”. Conference “Ostruzioni Respiratorie Pediatriche: Specialisti a confronto”. Florence, 29-30 October 2018.
45. Session “Le riacutizzazioni dell’asma nel bambino: una problematica pediatrica con riflessi in età adulta”. Meeting “Thesis 2018: Percorsi interattivi e formativi pediatrici”, Naples, 14-15 December 2018.
46. Session “Prima Sessione”. Meeting “Highlights e Interattività in Pediatria” 5^o Edition, Florence 25-26 January 2019.
47. Session “Se un lattante ha respiro sibilante persistente nonostante la terapia con broncodilatatori con steroidi, quali esami devo consigliare nella diagnosi differenziale?”. Meeting “Thesis 2019: Percorsi interattivi e formativi pediatrici”, Naples, 13-14 December 2019.
48. Session “Prima Sessione”. Meeting “Highlights e Interattività in Pediatria” 6th Edition, Florence 24-25 January 2020.
49. Coordinator of the Round Table “I problemi aperti per la gestione del bambino con asma grave”. Webinar of Società Italiana Malattie Respiratorie Infantili (SIMRI) “Asma grave in Pediatria”, 17 Sep 2020.
50. Co-chair of the Session “Asma Bronchiale”. Webinar “Asma bronchiale e BPCO: pareri a confronto. Quando l’Allergologo incontra lo Pneumologo”, 05 Nov 2020.
51. On-Demand Session “Il bambino con asma grave”. 23rd National Congress of Società Italiana Allergologia Immunologia Pediatrica (SIAIP), Virtual Edition, 22-24 Apr 2021.
52. Webinar “Impariamo a conoscere l’Asma”, educational project “La Scuola dell’Asma di Misurina”, 15 Apr 2021.
53. Co-chair of the Session “Malattie Respiratorie, in collaborazione con SIMRI”, Distance Learning Event “Integrazione delle terapie in Pediatria: dalle esperienze cliniche alle evidenze scientifiche”, recorded online on 15 Apr 2023.
54. Discussant in the Session “Il monitoraggio clinico e funzionale”, Theoretical/Practical Course for Health Operators open to Patients “Conoscere la DCP e rispondere alle esigenze dei pazienti”, Pisa, 21-22 Apr 2023.

	<p>55. Co-Chair of the Session “Impatto dell’ambiente indoor e outdoor sull’andamento dell’asma” and “Asma grave e obesità”, Webinar of the Società Italiana Malattie Respiratorie Infantili (SIMRI) “Asma Grave in Pediatria: Vecchi problemi e Nuove Proposte”, 29 May 2023.</p> <p>56. Co-Chair of the Session “Diffusione alveolo-capillare e resistenze respiratorie”, 4th Advanced Course of Società Italiana Malattie Respiratorie Infantili (SIMRI) on Pulmonary Function Tests “Prove di Funzionalità Respiratoria in Età Pediatrica: Oltre la Spirometria”, Florence, 09-10 Jun 2023.</p> <p>57. Co-Chair of the Session “Malattie respiratorie allergiche e non allergiche”, 26th National Congress of Società Italiana Allergologia Immunologia Pediatrica (SIAIP), Genova, 2-4 May 2024.</p> <p>58. Co-Chair of the Session “Le sfide cliniche in Pneumologia Pediatrica”, Inter-regional SIMRI Congress of Emilia Romagna-Toscana-San Marino Regional SIMRI Sections, Florence, 22 Jun 2024.</p>

Caparrelli C, Lombardi E. “Le bronchiectasie nella popolazione pediatrica e under-18”, 18:00 CET, 05 May 2022. 10. Lombardi E. “Respiratory oscillometry in children: technical aspects”.
---	--

European Respiratory Society/PanAfrican Thoracic Society (ERS/PATS) joint webinar “Panel discussion on respiratory oscillometry in paediatric applications”, 18:00-19:00 CET, 09 Apr 2024.

11. **Lombardi E.** “Wheezing in età prescolare”. Società Italiana Malattie Respiratorie Infantil (SIMRI) webinar “Asma: gestione e terapia”, 17:00-18:30 CET, 16 Apr 2024.

**Invited Speaker
in INTERNATIONAL Scientific
Meetings and Courses**

1. **Lombardi E.** “Measuring compliance and resistance in infants and young children”. International Workshop “Pulmonary Function Techniques in Infants and Children: Physiological Basis, Applications and Interpretation”. Florence, 15th Oct 1999.
2. **Lombardi E.** “The interrupter technique”. Postgraduate Course “Lung function testing in infants and preschool children – methodological and analytical aspects”, American Thoracic Society (ATS) Annual Congress 2003. Seattle, WA, USA, 17th May 2003.
3. **Lombardi E.** “Lung function testing in children in the ambulatory setting”. The Tuscan Partnership: Saving Children, Medicine in the Service of Peace. The Dead Sea, 12-14 Dec 2003.
4. **Lombardi E.**, on behalf of the Subcommittee on the Interrupter Technique of the ATS/ERS Working Group for Lung Function Testing in Infants and Preschool Children. “Interrupter technique”. Pediatric Post-Graduate Course “Assessment of Lung Function in Preschool children”, 6th International Congress on Pediatric Pulmonology (CIPP VI). Lisbon, Portugal, 28th February - 2nd March 2004.
5. **Lombardi E.** “Epidemiological applications of preschool LFTs”. Pediatric Post-Graduate Course “Assessment of Lung Function in Pre-school children”, 6th International Congress on Pediatric Pulmonology (CIPP VI). Lisbon, Portugal, 28th February - 2nd March 2004.
6. **Lombardi E.** “The interrupter technique in preschool children”. 10th Congresso Brasileiro de Pneumologia Pediátrica, Rio de Janeiro, Brazil, 28th April – 2nd May 2004.
7. **Lombardi E.** “Epidemiological studies using PFTs in preschool children”. 10th Congresso Brasileiro de Pneumologia Pediátrica, Rio de Janeiro, Brazil, 28th April – 2nd May 2004.
8. **Lombardi E.** “Measuring lung function in preschool children”. 10th Congresso Brasileiro de Pneumologia Pediátrica, Rio de Janeiro, Brazil, 28th April – 2nd May 2004.
9. **Lombardi E.** “The treatment of acute bronchiolitis”. 10th Congresso Brasileiro de Pneumologia Pediátrica, Rio de Janeiro, Brazil, 28th April – 2nd May 2004.
10. **Lombardi E.**, Arets HGM. Masterclasses “Lung function testing in pre-school children”. 4th European Conference on “Paediatric Asthma and Allergy”, Amsterdam, The Netherlands, 22-23 November 2004.
11. **Lombardi E.** “Asthma in preschoolers: difficult to measure lung function (new recommendations for measuring lung function in preschool children)”. Symposium “Asthma in the preschool child”, European Respiratory Society (ERS) Annual Meeting 2005, Copenhagen, DK, 17-21 September 2005.
12. **Lombardi E.** “What’s new on lung function testing in preschool children: Recommendations of the ATS/ERS Task Force”, American Thoracic Society (ATS) Annual Congress 2006, San Diego, CA, USA, 22nd May 2006.
13. **Lombardi E.**, on behalf of the Subcommittee on the Interrupter Technique of the ATS/ERS Working Group for Lung Function Testing in Infants and Preschool Children. “The interrupter technique in young children”. Postgraduate Course “Lung function in preschool children: clinical and research applications”, American Thoracic Society (ATS) Annual Conference

- 2007, San Francisco, CA, USA, 18th May 2007.
14. **Lombardi E.** New developments in preschool lung function testing – Rint. Afscheidssymposium Peter Merkus, Rotterdam, The Netherlands, 28th June 2007.
 15. **Lombardi E.** “Interstitial lung disease in childhood”. Zahra, Tripoli, Lybia, 13th December 2008.
 16. **Lombardi E.** “Pulmonary function testing in preschool children”. Zahra, Tripoli, Lybia, 14th December 2008.
 17. **Lombardi E.** “The interrupter technique in preschool children: technical details, feasibility, repeatability, and reference equations”. Workshop “Optimal lung function tests for monitoring cystic fibrosis, bronchopulmonary dysplasia and recurrent wheezing in children under 6 years of age”, ATS/ERS Working Group on Lung Function Testing in Infants and Preschool Children, San Diego, CA, USA, 16th May 2009.
 18. Calogero C, **Lombardi E.** “The Italian job: Oscillations mechanics in young children”. Prof. Zoltan Hantos Festschrift, Szeged, Hungary, 17th September 2009.
 19. **Lombardi E.** “The wheezing child: Is it always asthma?”. 32nd Congress of the Union of Middle Eastern and Mediterranean Pediatric Societies (UMEMPS), Dubrovnik, Croatia, 30th Sept – 3rd Oct 2009.
 20. **Lombardi E.** “Measurements of lung function in preschool children”. Postgraduate Course “Assessment of lung function and airway inflammation”, EAACI Pediatric Allergy and Asthma Meeting 2009, Venice, Italy, 12-14 November 2009.
 21. **Lombardi E,** Calogero C. “Persistent cough in a preschool child”. Postgraduate Course “Assessment of lung function and airway inflammation”, EAACI Pediatric Allergy and Asthma Meeting 2009, Venice, Italy, 12-14 November 2009.
 22. **Lombardi E.** “Novel physiologic tests to assess lung disease in children”. 9th International Congress on Pediatric Pulmonology (CIPP IX), Vienna, Austria, 19-21 June 2010.
 23. **Lombardi E.** “What lung function test is best for managing young children with recurrent wheezing?”. Lunch-time Symposium “Is it time to bring pre-school lung function testing to the clinic? Update from the ATS/ERS Task Force”. European Respiratory Society (ERS) Annual Congress 2012, Vienna, Austria, 4th September 2012.
 24. **Lombardi E.** “Evaluating lung function in wheezy children”. LXXII Congress of Pneumology and Thoracic Surgery, Merida, Yucatan, Mexico, 1-5 Apr 2013.
 25. **Lombardi E.** “Measuring respiratory resistance in preschool children”. LXXII Congress of Pneumology and Thoracic Surgery, Merida, Yucatan, Mexico, 1-5 Apr 2013.
 26. **Lombardi E.** “Lung function testing in preschool children”. “Paediatric Year in Review” Session. European Respiratory Society (ERS) Annual Congress 2014, Munich, Germany, 6-10 Sep 2014.
 27. **Lombardi E.** “The utility of steroids”. Meeting “Interstitial Lung Disease in Children: sharing knowledge and experience across Europe”, Padova 27 Feb 2015.
 28. **Lombardi E.** “Clinical aspects of bronchial asthma in pediatric patients”. Master Course “Florence Master: Anti-IgE Treatment in Asthma”, Florence, 14-15 May 2015.
 29. **Lombardi E.** “Pediatric patients” in “Workshop 2 – Severe asthma diagnosis”. “Preceptorship on Severe Asthma”, Florence, 16 Jul 2015.
 30. Matucci A, **Lombardi E.** “Addressing physician challenges” “Asthma Communication Excellence Training”, Florence, 17 Jul 2015.

31. **Lombardi E.** "Lung function tests in preschool children". PG18 Postgraduate Course "Advanced respiratory and cardiovascular testing". European Respiratory Society (ERS) Annual Congress 2015, Amsterdam, Netherlands, 26-30 Sep 2015.
32. **Lombardi E.** "Forced Oscillation Technique in preschool children". Full-day Post-Graduate Course "Lung Function Testing in Infants and Young Children". 15th International Congress on Pediatric Pulmonology (CIPP XV), Naples, Italy, 23-26 Jun 2016.
33. **Lombardi E.** "Lung Function Testing in Infants and Young Children". 15th International Congress on Pediatric Pulmonology (CIPP XV), Naples, Italy, 23-26 Jun 2016.
34. **Lombardi E.** "Lung Function in Young Children". Meeting "Pediatric Lung in Rome", 20th National Congress of Società Italiana Malattie Respiratorie Infantili (SIMRI), Rome, 15 October 2016.
35. Ersu RH, **Lombardi E.** "Pulmonary function in chILD". Inaugural Conference COST Action CA16125 European Network for Translational Research in Children's and Adult Interstitial Lung Disease (ENTeR-chILD), Prague, Czech Republic, 01-03 November 2017.
36. **Lombardi E.** Pulmonary function testing in children: techniques and diagnostic value. 13th Congress of the Turkish Academy of Pediatric Allergy and Asthma, Fethiye, Turkey, 20-23 Apr 2018.
37. **Lombardi E.** Role of International relations committee and VIPPN in collaboration. International Pediatric Session "What are the barriers to research in Pediatric Pulmonology?", American Thoracic Society (ATS) Annual Conference 2018, San Diego, CA, USA, 18-23 May 2018.
38. **Lombardi E.** The barriers to research in Pediatric Pulmonology in Italy. International Pediatric Session "What are the barriers to research in Pediatric Pulmonology?", American Thoracic Society (ATS) Annual Conference 2018, San Diego, CA, USA, 18-23 May 2018.
39. **Lombardi E.** Funzionalità Respiratoria nei pazienti scarsamente collaboranti. "Italian Speaking Session", American Thoracic Society (ATS) Annual Conference 2018, San Diego, CA, USA, 18-23 May 2018.
40. **Lombardi E.** Which lung function test should I use? Session "Pulmonary Function and Exercise Testing: Who, what, why and when?", XVII Congrès International de Pneumologie Pédiatrique (CIPP), Toledo, Spain 21-24 Jun 2018.
41. **Lombardi E.** Clinical aspects of bronchial asthma in pediatric patients. Stand-alone meeting "IgE and IgE-therapy today", Florence, 11-12 Apr 2019.
42. **Lombardi E.** Measuring lung function in preschool children. 6th Egyptian Congress of Pediatric Pulmonology (ECP), Alexandria, Egypt, 30 Apr-03 May 2019.
43. **Lombardi E** & Lau S. "Learning lounge 2: Why is this child's asthma not well controlled?". Pediatric Allergy and Asthma Meeting (PAAM) 2019, European Academy of Allergy and Clinical Immunology (EAACI), Florence, 17-19 Oct 2019.
44. **Lombardi E.** "Measuring lung function in children in times of pandemic", (recorded). 8th Egyptian Congress of Pediatric Pulmonology (ECP), Alexandria, Egypt, 17-18 Jun 2021.
45. **Lombardi E.** "SIMRI, the Italian Pediatric Respiratory Society". Session "Peer Society Publication Highlights", International Participant Center, American Thoracic Society (ATS) Annual Conference 2022, San Francisco, CA, USA, 13-18 May 2022.
46. **Lombardi E.** "Oscillometry in children: from reference values to clinical use". Symposium "Lung function testing from preschool age to adolescence: are we

	<p>done with spirometry? From technical recommendations to real-life use". European Respiratory Society (ERS) Annual Congress 2022, Barcelona, Spain, 4-6 Sep 2022.</p> <p>47. Lombardi E. "Study population and sampling methods". ATS VIPPRA (Virtual International Pediatric Pulmonology Research Academy) research course, online edition, 01 Nov 2022 - 28 Mar 2023.</p> <p>48. Lombardi E. "Anatomy of a research protocol and a MOP: setting started". ATS MECOR (Methods Epidemiology Clinical Operations Research) course, Turkey Level 3 2023, Çesme, Izmir, Turkey, 6-11 Feb 2023.</p> <p>49. Lombardi E. "Study population and recruitment". ATS MECOR (Methods Epidemiology Clinical Operations Research) Turkiye course, Level 2, online edition, 25 Apr – 07 May 2023.</p> <p>50. Lombardi E. "Study population and recruitment". ATS MECOR (Methods Epidemiology Clinical Operations Research) Turkiye course, Level 1-2, Ankara, Turkiye, 15-20 Jan 2024.</p> <p>51. Lombardi E. "Pros and Cons of Online and In-Person Research Methodology Training", Session "IPC Learning Studio Talks: Using online tools to increase global research capacity in pediatric pulmonology: The VIPPRA and MECOR experience", American Thoracic Society (ATS) International Conference 2024, San Diego, CA, USA, 17-22 May 2024.</p> <p>52. Lombardi E. "Performing and interpreting oscillometry in children". Skills lab: "Performing and interpreting pulmonary function tests in children". European Respiratory Society (ERS) Annual Congress 2024, Vienna, Austria, 7-11 Sep 2024.</p>
<p>Invited Speaker in NATIONAL Scientific Meetings and Courses, Online Conferences and Distance Learning</p>	<ol style="list-style-type: none"> Lombardi E. "Test spirometrici: quando chiederli e come interpretarli". Incontro di aggiornamento "Asma 1997". Chianciano Terme, Italy, 10th May 1997. Novembre E, Lombardi E, Flori V. "Indicazioni e limiti della spirometria". Convegno Pediatrico dell'Italia Centrale. Florence, 5-6 November 1999. Lombardi E. "Indicazioni ed interpretazione della spirometria". Incontro scientifico presso la U.O. di Pediatria, Presidio Ospedaliero di Montepulciano. Montepulciano, Siena, Italy, 24th November 1999. Lombardi E. "Telemonitoraggio spirometrico domiciliare". International Conference "The Pediatric Virtual Hospital". Florence, 10-11 March 2000. Lombardi E. "Telemonitoraggio spirometrico domiciliare". Meeting of the Italian Federation of Pediatric Physicians (Federazione Italiana Medici Pediatri, FIMP), Section of the Province of Florence, "Gestione non farmacologica del bambino asmatico", Florence, 25th May 2000. Vierucci A, Lombardi E, Novembre E.
